2022 - 23

Mirror Mountain Film Festival brings the best in independent and alternative cinema to Canada's capital. We are a diverse and inclusive festival that welcomes all types of films and all types of people to share in the collective cinema experience. Our mission is to promote unique and original creative voices from the Ottawa-Gatineau region and from around the world. In addition to film screenings, the festival features engaging, community-oriented events like live performances, hybrid media presentations, interactive exhibits, Q&A sessions and more.
